**Subject: Majority of Wisconsin Voters Support January 6th Investigation;  
Wisconsinites See Trump Loyalists as the Problem, Not Just Trump**

**Date: August 16, 2022**

A new Public Policy Polling survey finds that a large majority (86%) of Wisconsin voters have seen, heard, or read a lot or some about the investigation into what happened on January 6th at the U.S. Capitol and the events leading up to it. A majority (52%) of Wisconsinites support the investigation and 60% say the January 6th investigation is important to protecting Democracy.

Regarding concerns about the events of January 6th, a majority (52%) of voters think the problem was not only with Donald Trump, but also with members of the Republican Party who are loyalists to Trump. Just 7% of voters consider Trump to be the only problem. This is also true among independent voters—56% think the problem is also with Trump loyalists in the Republican Party, while just 7% think the problem is only with Trump.

A majority (51%) of Wisconsinites think Trump and his team who took part in the insurrection on January 6th should be criminally prosecuted, including a majority of independent voters (54%). Additionally, 47% say they would be less likely to vote for a candidate for office who downplayed the events of January 6th and opposed the House of Representatives' work in investigating it. Just 20% say they would be more likely to vote for such a candidate.

Voters also express major concerns over issues uncovered by the January 6th investigation:

- 66% are concerned (with 54% saying they have very serious concerns) about Trump demanding that Mike Pence overturn the election result for him even after White House lawyers told him it was illegal. A majority (66%) of independents are concerned and 57% of independents have very serious concerns.
- 68% are concerned (with 52% very concerned) about Trump and his allies telling people there was voter fraud in the 2020 election, even after some of Trump's lawyers and the Attorney General told them there was no widespread fraud. A majority (51%) of independents are very concerned.
- 61% are concerned (with 54% very concerned) about Trump refusing to do anything for over three hours after being told the Capitol was under siege.

- 61% are concerned (with 54% very concerned) about Trump knowing that many of his supporters attending his rally on January 6th were armed yet instructing them to march on the Capitol anyway. A majority (60%) of independents are concerned.
- 62% are concerned (with 54% very concerned) about Trump and his team repeatedly pressuring local election officials in key states to find the votes to change the outcome of the election. A majority (62%) of independents are concerned.
- 55% are concerned (with 50% very concerned) about Republican Senator Ron Johnson having played an active role in Trump's scheme to overturn the election, and now calling for Wisconsin Republicans to consolidate power over election administration in the state. A majority (57%) of independents are concerned.

Public Policy Polling surveyed 546 Wisconsin voters on August 15, 2022. The margin of error is +/- 4.2%. 67% of interviews for the survey were conducted by text message and 33% by telephone.
